#### Seminar on 'Organic Farming' on 25-02-2023 at B.H.B. College Seminar Hall.

The department of Economics, B.H.B. College, Sarupeta organized a Seminar on 'Organic Farming' on 25<sup>th</sup> February, 2023 at B.H.B. College seminar hall. The seminar was presided by Dr. Nayan Jyoti Das, Principal, B.H.B. College, Sarupeta. The resource person of the seminar was Parikshit Chandra Bayan, Sub-Divisional Agriculture officer, Barpeta and delivered a valuable speech of 'Organic Farming'. His lecture by focusing on various issues as ecological farming or biological farming, agricultural system uses fertilizers of organic origin such as compost manure, green manure, and bone meal and places emphasis on techniques such as crop rotation and companion planting. Modern organic farming was developed as a response to the environmental harm caused by the use of Chemical pesticides and synthetic fertilizers in conventional agriculture, and its numerous ecological benefits he said. Organic farming used fewer pesticides reduces soil erosion, decreases nitrate leaching in to ground water and surface water, and recycles animal wastes back in to the farm. These benefits are counter balanced by higher food costs for consumers and generally lower yields. Indeed yields of organic crops have been found to be about 25 percent lower overall than conventionally grown crops although this can vary considerably depending upon the type of crop he said. 32 participants participated the seminar. Mr. Phanidhar Mech, Assistant Professor, department of History and co-ordinator of I.Q.A.C, B.H.B. College also talked about the organic farming. The seminar was anchored by Krishna Das, student of economics, B.H.B. college. **B.H.B. College Organized Day-long Workshop on MOOCS On 8<sup>th</sup> February, 2022**

A Day long workshop on How to develop MOOCS (Massive Online Open Course) on SWAYAM platform was jointly organized by Internal Quality Assurance Cells (IQAC) and SWAYAM mentor of B.H.B. College on February, 8<sup>th</sup> to orient the faculty members, and the students. The objective of the session were to present the SWAYAM implementation frame work, design and development of MOOCS for SWAYAM and to address queries regarding SWAYAM implementation.
