Syllabus of Solar Power Installation, Operation & Maintenance.

Solar Power Installation Operation and Maintenance

Course Name: Solar Power Installation Operation and Maintenance

Duration: 100 hrs / 7 weeks

Eligibility: Any graduate / 10 + 2 passed undergoing regular education

Introduction

The use solar PV is increasing rapidly. With this, the field of PV installation and maintenance is expanding. In the coming years it is expected that people familiar with solar PV systems will be required who can perform task such as inspection, commissioning, performance verification and troubleshooting of PV systems.

Objective of the Course

- The course will provide the following
- Basics of PV systems
- Construction of solar panels
- Installation of PV SYSTEMS
- Commissioning, Maintenance and Fault Finding

Course Structure

Module	Module Name	Hours
1	Basic Electricity and Electronics	10
2	Basics of Electronics	20
3	Solar PV systems	30
4	Solar battery charge controller	5
5	Inverters	5
6	Installation, Commissioning, Maintenance and Fault Finding	30
7		
	Total	100

Prepared by
E.N.R. College, Tirupeta

Syllabus

Basics of Electricity: Conductors insulators, Current, Voltage, (Ideal sources), Power & units, Power factor, Resistor & Colour code, Capacitor & Colour code, Inductor, Basic network theorem, Electromagnetism & its related laws, Mutual inductance, Eddy current, Skin effect, Earthing.

Basics of Electronics: Semiconductor & PN junction concept, Diode - Zener Diode, Power Diode, Schottky Diode, Photo diode, LED (power LED & IC's arrays), Varactor Diode, High density capacitor (Super capacitor), Thermistor & LDR, Transistor, JET, JFET, MOSFET, IGBT, SCR, TRIAC, DIAC.

Solar PV systems: Solar cell & PV module, Specification terminology, (LED & IC's arrays), Fill factor of PV module, Insulation & Power output of module, Day and night switch control, Battery & battery banks its characters and specifications, PV module array & connection (string & parallel), Orientation & Facing side, Sealing factor & shadow zone, Inclination of efficiency, Hot spot & protection circuit, Tracking system (single & double axis), MC's connectors and sockets, String combiner box & protection circuitry, Frame & structure mounting, Site selection, Tools & Equipment, PPE & Safety rules, SOP (Standard Operating Procedure), On-Grid (Grid tie) connection, Off-Grid & standalone systems, Solar priority connection module, Single line diagram & flowchart.

Solar battery charge controller: Types of Batteries, Battery parameters, Application of Batteries in Solar PV system, Charge controllers-PWM, Maximum Power Point Tracking

Inverters: Types of Inverters (online & offline systems) Grid supported type, Variable frequency drive & hybrid systems, Inverter working principle, Concept of VFD

Commissioning, Maintenance and Fault Finding: Solar Street Light, Solar Lantern, Maintenance of Solar PV System, Safety in Installation of Solar PV System, Electrical Audit, On-Grid (Grid tie) connection, Off-Grid & standalone systems, Solar priority connection module.

Service, a resident of Vill:- Ward No.3, Bidhan Pally, under P.O. & P.S.:- Kokrajhar within the District of Kokrajhar, Assam, HERE-IN-AFTER REFERRED TO AS THE "1st PARTY".

[Which expression shall unless excluded by or repugnant, to the context be deemed to include his executor (s), administrator (s), representative (s) and assign (s)] of the ONE PART.

AND

"SWACHH CAMPUS INITIATIVE CELL" under Bijni College represents by its Parincipal Dr.Birhashi Giri Basumatary, aged about- 54 years, S/o. Late Birendra Giri Basumatary, by Nationality- Indian, by Faith- Hindu, a resident of Bijni Panbari, P.W.D Road under P.O. & P.S. Bijni within the District of Chirang, Assam,, HERE-IN-AFTER REFERRED TO AS THE "2nd PARTY".

[which expression shall unless excluded by or repugnant, to the context be deemed to include his successor (s), executor (s), administrator (s), representative (s) and assign (s)] of the OTHER PART.

WHEREAS, the 1st Party being the Educational Institution having wastage and disposals from its academic and official exercise will supply to the 2nd party.

AND WHEREAS, 2nd Party for the purpose of scientific and systematic disposals (Recycling) of the wastages will receive the said disposals from the 1st Party.

AND WHEREAS, both the parties mutually decided to supply and receive of the waste and disposals from the academic and official exercise to MAA KAMAKHYA TRADERS, Bongaigaon, an agency which compose waste materials for recycling; therefore both the parties have sat together and after discussions had entered into this Memorandum of Understanding for smooth running of aforementioned activities and to avoid unnecessary future misunderstanding on the basis of following terms and conditions:

Conditions:

1. That, the 1st Party will supply the wastages and disposals from its academic and official exercise to the 2nd Party.

2 | Page

2. That, the 1st Party will provide the information regarding time, place and quantity of the consignment to the 2nd Party in a credible manner.
3. That, the 2nd Party will receives the wastage and disposals from the 1st Party with a reasonable payment based upon the market value.
4. That, the 2nd Party will be responsible for keeping the confidentiality of the consignment.
5. That, the 2nd Party will receive the consignment from the 1st Party as per the time fixed and quantity.

That, this Memorandum of Understanding is valid for one year from the date of MoU and will be renewed every year. The agreement is made voluntarily in a sound mind and physic without any pressure from any corner and both the parties have put their signatures and seals on this MEMORANDUM OF UNDERSTANDING before the following witnesses on the day month and year as mentioned above.

WITNESSES:

To maintain the cleanliness and greenery of the college, the Eco Club has been formed. Through the Eco Club, the NSS and the NCC programmes and activities are undertaken to maintain the cleanliness. The Construction Committee also looks into the management of waste. Sensitization programmes are conducted. Signboards and notice boards displaying rules and slogans. Waste is segregated for proper management. MoU signed with institutions.

Solid Waste:

- Compost pit created
- Biodegradable wastes like leaves, vegetable peels are put in the compost pit
- Biodegradable wastes like paper, flex, are sold at a reasonable rate for recycling to Swachh Campus Initiative Cell of Bijni (MoU signed)
- Ban of plastic in the campus
- Excreta of live animals used in vermicompost pit
- Plastic bottles are used for making flower pots
- Plastic cups, plates replaced by paper cups, plates

Liquid Waste:

- Waste water of water purifiers used for gardening
- Dry and Waste dustbins
- During monsoon water from the pond used for gardening through a motorized pump.

Waste from celebration of significant days is collected by NSS and NCC

Cleanliness drives, Plogging conducted

E-Waste: Electronic goods are repaired and the irreparable items are sold away.

Initiatives Taken by BHB College, Sarupeta to Make the Campus Green and Clean

Cleanliness Drive by N.S.S. on 4th February, 2022 at B.H.B College

The N.S.S. wing of B.H.B. College, Sarupeta organized a cleanliness drive on 4th February, 2022 in the college campus. The primary objective of the programme was to inculcate in the students the habit of cleaning the college campus. Keeping in view the goals of the Swachh Bharat Abhijan, the NSS frequently organizes the college cleanliness programme to instill the practice of keeping the college campus clean and green. Nabamoni Saikia, Asst., Professor and coordinator of the NSS wing assembled the students for the

B.H.B. College, Sarupeta

drive. A total of 20 cadets joined the drive and rendered their valuable service. Such initiatives induce discipline, team spirit, synergy among the students and sensitize them about importance of hygiene and the necessity to keep their environment clean.

World Environmental Day Celebrated on 5th June, 2022

On the occasion of World Environment Day, BHB College fraternity has celebrated the day effectively by organizing various programme. At first a tree plantation was held at the initiative of the Students' Union, BHB College, Sarupeta and N.C.C. All the members of Students' Union, cadets of N.C.C. group and the teachers and other students actively participated in that drive. After that plantation drive, a meeting was organized by the N.S.S. Unit of the college amongst the students and teachers. The programme was started with an inaugural speech by the principal of the college, Mr. Mofazzal Hussain. In his speech, he urged the

...ats to make our earth green and healthy by planting trees and by creating awareness amongst the masses. He criticizes the sinful act of those people who are involve in the devastation of forest which ultimately effects the whole human race. Head of the Department of Education, Mr. Upendra Nath Barman laid emphasis on the theme of this year's World Environment Day, "Only One Earth" in his speech. He says that we have only one earth to live and it is our sacred duty to keep this earth healthy and beautiful. The NSS Unit have also organized a lecture programme on the topic "Understanding of Carbon- dioxide, Green House Gases and Climate Change", as per the direction of Government and an Assistant Professor of our college, Mr. Manash Jyoti Das was invited to deliver a speech on it. In his speech he discusses all pros and cons of the topic and also relates various examples from national and international context with it. The meeting was anchored by Mr. Mr. Nabamoni Sakia, Assistant Professor and at last he offered the vote of thanks to everyone present in the meeting for their kind cooperation and support. After the meeting a tree plantation drive was held at the initiative of NSS Unit, BHB College, Sarupeta and the principal of the college inaugurated the programme by planting a sapling. After that, the NSS Tree Plantation drive was carried out by the NSS volunteers.

The Student Union Body of B.H.B College, Sarupeta celebrated 'World Environmental Day' on 5th June, 2022. The students of Samalay Sisu Bikash Kendra, Sarupeta participated in the Programme. Mr. Moffazzal Hussain , In-charge Principal of B.H.B College, Sarupeta Plantation of College Campus. The students of B.H.B College, Sarupeta and 'Samalay Sishu Bikash Kendra', Sarupeta was Participated the Programme. Teachers and Students of B.H.B College, Sarupeta participated in the Programme

Water conservation facilities available in the institution

1. Rain Water Harvesting
2. Bore Well/ Open Well Recharge
3. Construction of tanks and bunds
4. Maintenance of water bodies and distribution system in campus

B.H.B. College, Sarupeta is located in a rural area having no Municipal Water Supply for the college. The college, therefore have to depend upon the ground water for all its needs. Hence water conservation measures are essential for efficient use of water. The following are the measures taken for conservation of water in the college:

1. Rain Water Harvesting: Rain water harvesting unit has been installed in the campus. The rain water coming from roof tops are collected and used for gardening and other uses.
2. Tanks: Preserving water in a large tank located in the college campus for essential distribution of water.
3. Maintenance of water bodies and distribution system in the campus.

All the stakeholders of this college are conscious about the economic and efficient uses of water, there is no waste of water in the campus.

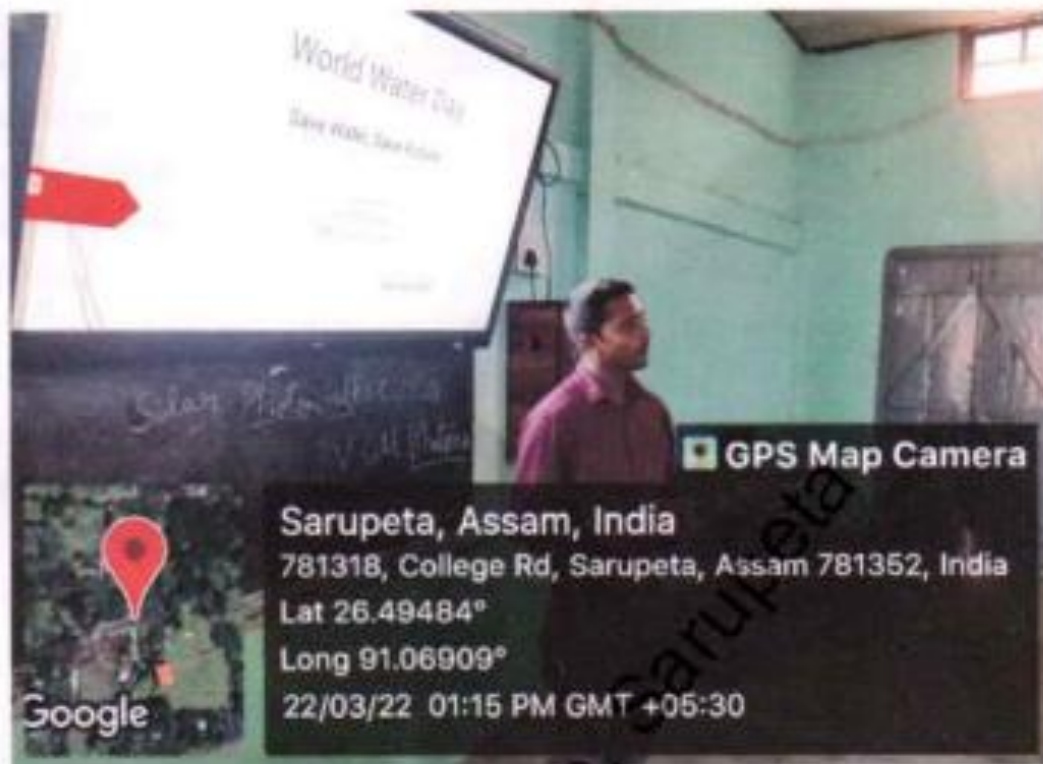

Eco Club Observed World Water Day

March 22, 2022: Today on the occasion of World water Day, Eco Club of BHB College, Sarupeta organized a programme in Room No. 1 of the college. Principal of the college, Birinchi Kr. Das inaugurated the programme by delivering an inaugural lecture on the necessity of environmental consciousness amongst us. The resource person of today's programme was Mr. Sumit Ghosh who gave a presentation on the theme "Save Water, Save Future" with the help of slides. In his presentation, he tells the students about the importance of water for our survival in this world and also about the man-made pollution of water which is

Seminar on 'Organic Farming' on 25-02-2023 at B.H.B. College Seminar Hall.

The department of Economics, B.H.B. College, Sarupeta organized a Seminar on 'Organic Farming' on 25th February, 2023 at B.H.B. College seminar hall. The seminar was presided by Dr. Nayan Jyoti Das, Principal, B.H.B. College, Sarupeta. The resource person of the seminar was Parikshit Chandra Bayan, Sub-Divisional Agriculture officer, Barpeta and delivered a valuable speech of 'Organic Farming'. His lecture by focusing on various issues as ecological farming or biological farming, agricultural system uses fertilizers of organic origin such as compost manure, green manure, and bone meal and places emphasis on techniques such as crop rotation and companion planting. Modern organic farming was developed as a response to the environmental harm caused by the use of Chemical pesticides and synthetic fertilizers in conventional agriculture, and its numerous ecological benefits he said. Organic farming used fewer pesticides reduces soil erosion, decreases nitrate leaching in to ground water and surface water, and recycles animal wastes back in to the farm. These benefits are counter balanced by higher food costs for consumers and generally lower yields. Indeed yields of organic crops have been found to be about 25 percent lower overall than conventionally grown crops although this can vary considerably depending upon the type of crop he said. 32 participants participated the seminar. Mr. Phanihar Mech, Assistant Professor, department of History and co-ordinator of I.Q.A.C., B.H.B. College also talked about the organic farming. The seminar was anchored by Krishna Das, student of economics, B.H.B. college. The Seminar was ended with the vote of thanks offered by Prabodh Kalita, Assistant Professor, department of economics, B.H.B. College, Sarupeta.

Workshop on Waste Management Held

March 30, 2021: A One Day Workshop on Waste Management held at BHB College Sarupeta held today. This workshop was organised by NSS & NCC Unit of the college in collaboration with Public Health Department. The workshop was chaired by the principal of the college and Mr. Pranjal Kalita, an employee of the PWD, joined the workshop as the resource person. In this workshop Mr. Deka delivered his lecture by focussing on the importance of organised management of wastes and how to make it less harmful for the society and the environment. More than 50 volunteers participated in the workshop and expressed their satisfaction after the workshop as they got the chance to know something beneficial. The vote of thanks was offered by the NSS PO of the college.

Society Outreach Programme

June 10, 2018: A society outreach programme was conducted by BHB College, Sarupeta in NalbariPaam Village of Barpeta district of Assam. The aim of this programme was to make the people environment conscious and as a part of it 50 number of plants were distributed amongst the villagers. On the occasion of this programme, a meeting was held in Nalbaari Paam village where Rina Rani Deka, In-Charge principal of the college delivered a lecture where she focusses on the importance of environment preservation and the growth of it. Gaonburha of Nalbaari Paam appreciated the initiative and advised the villagers to support the college fraternity and themselves as well by preserving the environment. Only a healthy environment can save this world and make it fit for live for the future generation.
